A very interesting document has fallen into our hands, which will be of interest to many residents of this community. It is the property of W. E. Conyers and contains the names of all the children of school age residing in school district No. 5, at the end of the school year, March 1st, 1872. At that time there were 16 children of school age in the district, ranging in age from five to nineteen years. Many of them are still residents of this community.

Announcement of the death of Clifford Bryant, came as a shock to the community although he was known to be critically ill. ## RAINIER

(From the Review)

Mrs. Ira Pacher received the news of the death of her father, James A. Smalley, which occurred at Frankfort, Wash., Aug. 31. At the age of 92 years, he was one of the old pioneers, having crossed the plains with an ox team 56 years ago.

On Tuesday, September 14 at 10 a. m. at the Commercial Club rooms in this city, there will be a public hearing on the matter of establishing a harbor line at Rainier. The hearing will be held under the supervision of the U. S. government, oral evidence by Mayor R. Park of the engineer corps.

Some one entered the residence of J. H. Boomer last Sunday night and obtained about \$100. Suspicion pointed to Chester Smith and Arville Girt and these two young men were arrested and are now at the county jail in St. Helena awaiting the action of the prosecuting attorney who is at present away from home. There has been considerable evidence obtained against the two young men in question.

Mr. E. E. Elliott, director and supervisor of agricultural education, was here Saturday in connection with the matter of establishment of an agricultural course in the Rainier public schools. A conference was held with the school board, Professor Gauntt and some of the leading citizens of Rainier, after which it was decided to take the offer made by Professor Elliott.

Last Thursday Mr. G. C. Vaughn, who has owned and operated moving picture theatres at Rainier, Kelso and Clatskanie, disposed of his entire chain of shows to Mr. J. H. Boomer, who has been in charge of the show here, and Mrs. Maude Brenner. Mr. Boomer immediately leased their theatre here to Mr. P. E. Thornton, who has operated the Cozy theatre since the middle of July. Mr. Thornton will close the Cozy and operate from the Grand theatre on account of it being a much better location than the Cozy.

## A Banking System That Has Helped Revolutionize the Farming Business

The operations of the Federal Reserve System are especially favorable to the farmer. His borrowings to cover cost of fertilizing, planting, harvesting and carrying his crop can be rediscounted by this bank with the Federal Reserve Bank, and an abundant supply of credit at a moderate rate thus secured.

This bank realizes to the full the vital importance of the farmers' work, and is genuinely desirous of extending to the farmers of this community the benefits resulting from its membership in the Federal Reserve System.
